Instructions:

- Bring your clay tools. Tools will be provided for those who do not have the necessary ones.

Comments:

- You will complete at least 2 unique tiles during this 1 day workshop. Learn to create bas relief by using additive and carving methods. A selection of designs will be provided. Clay will be provided.
- You will create your first tile of the day using a design provided by the instructor while being led during the instructor demo. After the basic tile creation process, you will make the tile your own by adding additional features.
- After your first tile, you will be guided in creating another of your choice, using either the instructors pattern or one of your own. Lots of individual attention provided by the instructor.
- Firing of your tiles will be provided by Dan Finch Studio for a firing fee. Pickup to be scheduled if you are not part of the Finch Pottery Studio.
- Lunch will be provided along with snacks and drinks during the morning and afternoon breaks.
